2017

### warranty

- i. warranty period of 3 years for the structural integrity of the upholstered seat stool under 'normal use'
- ii. warranty period of 2 years for the structural integrity of the solid timber top stool under 'normal use'
- iii. chipping and scratches on powder coated metal due to wear and tear are not warranted
- iv. metal pieces that are not specific to outdoor use that are exposed to the elements are not warranted
- v. raw metals oxidise and tarnish over time and not considered faults of manufacture.
- vi. the warranty covers the timber and metal frames, the suspension and the foam integrity.
- vii. fabric and leather wear and tear are not warranted.
- viii. fabric and leather that has faded or broken down due to exposure to sunlight or extreme weather conditions is not warranted.
- ix. care instructions and warranty claims of fabric to be addressed with the textile supplier or specifier.
- x. it is the responsibility of the specifier and/or supplier that has selected and/or supplied a fabric or leather through 3rd party suppliers to ensure it is free of faults and fit for purpose and application.
- xi. natural materials like solid and veneer timbers can vary in colour, natural figuration and texture. these are not considered faults.
- xii. timber movement, joint separation, bowing as a result of fluctuations in temperature and any damage caused by direct sunlight are not warranted.
- xiii. day to day use and wear and tear that can cause scratches, expansion, colour changes, chips, burns, splits are not warranted.
- xiv. painted and stained timber can chip. this is not warranted and considered as wear and tear through use of the item.

## product specifications

---

*all terms outlined in this document are applicable exclusively to projects and orders that are based in australia.*

*for warranty claims outside australia, please note that a 12 month warranty period will apply, all claims are to be taken up with the international selling agent*

**craftmanship:** designed and manufactured in australia

### materials

#### seat and backrest

**upholstered:** ply seat and backrest with foam and specified upholstery.

**solid timber top:** solid oak or walnut with oiled or polyurethane gloss finish

**frame:** powder coated metal with brass or stainless steel footrail

**lead time:** 8-10 weeks. lead times may vary during peak periods

**suitability:** indoor use

### house leather

protect from direct sunlight, heat and weather. dust with a clean dry cloth or use the soft brush attachment on your vacuum cleaner. remove all liquid and food spills immediately. wipe with a clean cloth dampened with proprietary brand leather cleaner suitable for a surface finish leather.

### house vinyl

maintaining and care of the upholstery should be done by regular vacuuming to remove dust and dirt. spot cleaning should be done immediately after a spill. first spot clean with mild soap and water. using a sponge to remove the stains, rinse with clean water.

suntan lotions and sprays such as insect repellants may discolour the fabric. acid based liquids such as coffee, wine and fruit juice need to be wiped off immediately. the longer a stain or spill remains on the fabric the more difficult it can be to remove. do not use abrasive alcohol based or solvent based cleaners.

### sheepskin

store away from direct sunlight and high heat sources, such as blow dryers and radiators. never rub or brush sheepskin when it's wet. to clean up small spills on your sheepskin upholstery, wipe with a damp cloth, and gently pluck any debris from the suede with tweezers. never use hot water. this causes permanent damage by stripping the natural oil, (lanolin) from the pelt making it very hard and rough. for professional cleaning, select a cleaner that specialises in leather/suede/fur.

### custom specified upholstery

please refer to individual suppliers for information on care and maintenance of fabrics that have been specified by a designer, as these will be outside the standard grazia&co range. most interior upholstery fabric should be regularly vacuumed and kept away from direct sunlight.

### **solid timber**

grazia&co timber furniture is finished with a clear satin lacquer inclusive of an ultraviolet light protector. this may reduce the harsh effects of direct sunlight although cannot eliminate fading and discolouration completely. therefore, we do not recommend furniture be left in direct sunlight for long periods of time. avoid placing hot crockery on furniture surfaces which in turn may burn, discolour or lift binding agents. coasters, clothes and mats can be placed between the surface and the hot object. do not position furniture over or next to heating or electrical appliances. please ensure furniture is not exposed to excessive quantities of liquids or moisture which may absorb into the timber. this may result in movements of the timber, change in form, cracking or mould. if your furniture is being used as a writing surface, grazia&co recommends blotters or pads to prevent ball point pens leaving imprints in the timber top. objects resting against or on top of furniture should have some form of padding between the timber and the object. avoid bare metal or sharp pointed edges. a small amount of natural movement of the timber is expected as it adapts to the conditions of your home, due to variations in humidity and temperature.

### **powder coat**

wash as required with warm soapy water using a soft clean cloth. for marine or commercial environments, we recommend regular cleaning. do not pressure wash or steam items that are powder coated. if powder coating chips due to a knock and / or rough treatment this is not covered by warranty. touch up paint can be purchased on request (depending on availability). scratches and chips should be repaired as soon as they appear.

please visit grazia&co website for further details.
