globe: 4 watt led G9 240 volt dimmable bulb

diffuser: 125dia mm frosted glass

lead time: if not in stock, 8-10 weeks

suitability: indoor use

finishes & product care

powder coated items

wash as required with warm soapy water using a soft clean cloth. for commercial environments, we recommend regular cleaning. do not pressure wash or steam items that are powder coated. if powder coating chips due to a knock and / or rough treatment this is not covered by warranty. touch up paint can be purchased on request (depending on availability). scratches and chips should be repaired as soon as they appear.

solid timber

grazia&co timber furniture is finished with a clear satin lacquer inclusive of an ultraviolet light protector. this may reduce the harsh effects of direct sunlight although cannot eliminate fading and discolouration completely. therefore, we do not recommend furniture be left in direct sunlight for long periods of time. please ensure furniture is not exposed to excessive quantities of liquids or moisture which may absorb into the timber. this may result in movements of the timber, change in form, cracking or mould. avoid bare metal or sharp pointed edges. a small amount of natural movement of the timber is expected as it adapts to the conditions of your home, due to variations in humidity and temperature.

glass

these hard flat surface materials should be cleaned and or dusted with a soft cloth.

please visit [grazia&co website](#) for further details.
