## anchor table range

featuring a unique tile top designed by bruce rowe of anchor ceramics, the anchor range includes a coffee, side and dining table. suited to indoor and outdoor use in both residential and commercial environments, the metal table bases are powder coated to complement the ceramic surface. the base provides both support and edge protection to the ceramic surface; a highfired, porcelaneous stoneware, well suited to the rigours of regular use.

*designed by bruce rowe of anchor and made in australia by anchor and grazia&co.*

**materials:** top - ceramic tile with epoxy grout  
frame - powder coated stainless steel with felt to feet

**lead time:** 10-12 weeks. lead times may vary during peak periods

**suitability:** outdoor use

### ceramic

these hard flat surface materials should be cleaned and or dusted with a soft cloth. for more stubborn marks, use a non-abrasive mild soap and damp cloth. never use wool metallic scourers as these will scratch the surface. chipping and scratching are considered wear and tear of the product are not warranted.

### powder coated items care

wash as required with warm soapy water using a soft clean cloth. for marine or commercial environments, we recommend regular cleaning. do not pressure wash or steam items that are powder coated. if powder coating chips due to a knock and / or rough treatment this is not covered by warranty. touch up paint can be purchased on request (depending on availability). scratches and chips should be repaired as soon as they appear.

*to view the full care and maintenance please refer to the [grazia&co website](#).*
